

# ТУТУЖ TOBACCO

BULLETIN OF TOBACCO SCIENCE AND PROFESSION

Vol. 53      № **1-2**      P. 1-78      PRILEP      JANUARY  
FEBRUARY      **2003**

## C O N T E N T S

Original scientific papers:

A. Korubin-Aleksoska:

The effect of backcross hybridization on improving  
the characters of tobacco ..... 3-11

S. Karajankov, G. Martinovski, G. Popsimonova, M. Kočov, Z. Arsov,  
G. Miškovski, R. Kabranova:

Wider application of floating tray system for tobacco seedlings  
production in R. Macedonia ..... 12-19

J. Trajkoski, V. Pelivanoska:

Fertility of soils of tobacco producing region of Bitola..... 20-47

G. Kulić, M. Đukić:

Influence of fertilizing proces on amino content during long  
leaf tobacco curing ..... 48-52

P. Taškoski:

Estimation of tobacco resistance to *Phytophthora parasitica*  
var. *nicotianae* by root inokulation ..... 53-61

M. Đukić, V. Radojčić:

Changes in Virginia tobacco leaves during maturation ..... 62-68

M. Peševski:

Analysis of the production costs of tobacco type Prilep  
cultivated at family holdings ..... 69-78

APRIL      **2003**

## C O N T E N T S

Original scientific papers:

- M. Mitreski, A. Korubin-Aleksoska, K. Naumoski, R. Mavroski:  
Breeding of new genotypes of oriental tobacco  
with higher leaf number ..... 81-83
- K. Filiposki, M. Peševski, M. Mitreski:  
Possibilities to overcome the situation and problems  
in tobacco industry ..... 84-95
- V. Pelivanoska, J. Trajkoski:  
Effects of the timely applied cultural practices in production  
of Burley tobacco in the region of Ohrid and Struga..... 96-104
- I. Hristvska, J. Ziberoski:  
Rapidly of growth of *Phytophthora parasitica* var. *nicotianae*  
depending on the kind of nutritive medium ..... 105-110
- L. Stojanoski, S. Stojanoska:  
Elasticity of supply and demand of the brands Filter Oriental  
and Partner Box ..... 111-116
- V. Radojčić, O. Cvetković, M. Đukić:  
Influence of agroecological conditions on mineral matter  
content in Virginia tobacco type ..... 117-123
- B. Anakiev, M. Peševski:  
The influence of world tobacco and cigarettes on the  
macedonian production ..... 124-129
- S. Dražić:  
Tobacco breeding in Yugoslavia ..... 130-135

## C O N T E N T S

Original scientific papers:

A. Korubin-Aleksoska:

Analysis of the components of genetic variance in F1 hybrids  
obtained by diallel crossing of tobacco ..... 139-143

K. Petrova:

Evolution of the modification and stability of the height of plants  
with lines and varieties of the origin Crumovgrad ..... 144-146

V. Pelivanoska, J. Trajkoski:

The effect of the rates of nitrogen fertilizer on the content  
of some chemical components in burley tobacco ..... 147-156

V. Dimeska , B. Gveroska, S. Stojkov:

Efeect of application of selective herbicides on weeds,  
yield and quality of tobacco ..... 157-166

V. Krsteska, E. Ančev, M. Postolovski:

Species of *Syrphidae* (Diptera) family- predators  
on *Myzus persicae sulc.* on tobacco ..... 167-174

I. Nuneski:

The effect expanded tobacco stems on tar and  
nicotine levels in tobacco smoke ..... 175-178

S.Mijajlović, B. Adnađević, N.Vuletić:

New eko compozite filters ..... 179-190

## C O N T E N T S

Original scientific papers:

- J. Trajkoski, V. Pelivanoska:  
Fertility of soil in tobacco producing of Demir Hisar ..... 193-201
- V. Pelivanoska, J. Trajkoski:  
Determination of nutritional and irrigational regime  
in oriental tobacco varieties P-65 and NS-72 ..... 202-212
- A Dimitrov, V. Veličkova:  
Host plants of *Frankliniella occidentalis* (Pergande)  
in Bulgaria ..... 213-216
- D. Krusteva, B. Dimitrov, V. Nikova:  
*Nicotiana gossei domin* as a source of aphid resistance  
in *Nicotiana* tobacco ..... 217-220
- D. Drachev, N. Menkov, A. Kerim Omar:  
Investigation of the physical and technological indicators  
of the bulgarian oriental tobacco origins ..... 221-224
- M. Srbinoska, N. Gerčar, B. Simonoska, V. Najdenova, V. Rafajlovska:  
Fatty acids content in oil of the seed  
of tobacco variety P-23 ..... 225-233
- T. Stanković, I. Nuneski:  
Technological and economical justification of using the cyclon dust  
in the recipe of reconstituted tobacco ..... 234-251

## C O N T E N T S

Original scientific papers:

A. Korubin-Aleksoska:

Investigation of environmental and genetic variability  
for stalk height and number of leaves per stalk in some  
tobacco cultivars and their F1 hybrids ..... 255-263

R. Tranceva:

Investigation of tobacco varieties, lines and hybrids and their  
relation toward the causing agents of wild fire disease  
(*Pseudomonas syringae p. v. tabaci*) ..... 264-267

G. Miceska, M. Dimitrieski, M. Spasenoski:

The effect of common mosaic virus (TMV) on morphological  
characteristics of plants from tobacco type Prilep ..... 268-277

F. Canlari, B. Gixhari, P. Abeshi:

The effect of *potassium nitrate* on flue-cured tobacco ..... 278-283

J. Trajkoski, V. Pelivanoska:

Fertility of soils in the tobacco producing region of Radovis ..... 284-302

I. Hristovska:

The effect of temperature regime on development  
of black shank disease on tobacco ..... 303-306

V. Krsteska, E. Ančev, M. Postolovski:

*Aphidoletes Aphidimyza (Cecidomyiidae)*  
Bioregulator of tobacco aphids ..... 307-313

H. Bozukov:

Monitoring of tobacco diseases in several regions  
of South Bulgaria ..... 314-317

## C O N T E N T S

Original scientific papers:

- A. Korubin-Aleksoska:  
Variation of leaf number in tobacco progenies obtained by  
back-cross hybridization ..... 321-325
- V. Pelivanoska, J. Trajkoski, M. Naumoska:  
Effect of mineral nutrition and irrigation on the yield and  
total organic matter in tobacco type Burley ..... 326-334
- V. Dimeska, S. Stojkov:  
Possibilities for control of the broomrape disease  
(*Oorobancha* sp.) in tobacco culture ..... 335-340
- I. Hristovska:  
Reaction of the medium - important factor for development  
of the fungus *Phitophthora parasitica* var. *Nicotianae* ..... 341-344
- P. Taškoski:  
*Phitophthora parasitica* (*Dastur*) var. *Nicotianae* (*Breda de Haan*)  
*Tucker* - *Causing agent of the black shank disease of tobacco* ..... 345-355
- M. Srbinoska, N. Gerčar, B. Simonovska, V. Najdenova, V. Rafajlovska:  
Fatty acids content in oil of the seed of tobacco variety P-23 ..... 356-362
- S. Stojanoska, K. Filiposki, L. Stojanoski:  
Dynamics of the Virginia tobacco production in the world  
and in the Republic of Macedonia ..... 363-370
- I. Kamenjarska, J. Damcevski, H. Ajanovski:  
Recognition, aproval and protection of tobacco cultivars accoding  
to the law for seed and seed products ..... 371-376
